TO WHOM IT MAY CONCERN

POLLOCK & SONS CRANE HIRE LIMITED

RWL Group Limited (previously Rachel Wilson Limited) has been working alongside Pollock & Sons Crane Hire Limited as their Chartered Accountant since the formation of the company in March 2008. I have personally had the privilege of knowing Rex and Cheryl for a lot longer and was their accountant back in the Todd & Pollock days when I was employed by Peter Simmonds.

I believe Rex and Cheryl Pollock are the prime example of business success showing both business knowledge and work ethics which has contributed to the rapid growth and success of Pollock and Sons Crane Hire Limited. The growth and success of the company is set to continue as they are now in the 'business mentor' role to their 3 sons, guiding Stephen, Wayne and Thomas who are at the helm of the company. They are using the same successful moral principles from the Todd & Pollock days combined with today's technology to develop and grow the company.

It is a pleasure working with the company as they have always shown high levels of integrity and professionalism as well as being open and honest with our firm which I believe is important in a successful professional relationship. I hope to continue working along side Pollock and Sons Crane Hire Limited, Rex and Cheryl for many years to come.

I would like to personally thank Rex and Cheryl for the loyalty and faith they have shown me from my transition to being self-employed, the business knowledge that they have shared with me and their continued support.

Keep up the great work team!!

Kind Regards
RWL GROUP LIMITED

Rachel Wilson
Director (CA)
