To Whom It May Concern:

Re: Pollock & Son Crane Hire Ltd

Our company first started a business relationship with Todd & Pollock Crane Hire in May 2004, then continuing business after their change to Pollock & Son Crane Hire in March 2008. We ourselves are a locally owned and operated company and we love to support other local businesses here in the bay.

Pollock & Son continuously have fantastic customer service and fair, competitive prices, a few of the reasons why we chose to start our business relationship with them in the beginning. They are always prompt and reliable when making deliveries and bookings. The staff members are down to earth people with a “can do” attitude. This helps us immensely in completing hassle-free jobs.

We would have no hesitation in recommending Pollock & Son Crane Hire to other companies and are extremely happy with the service they have provided to us, we are looking forward to many more years to come.

Yours sincerely
Carson Construction Engineers Ltd

James Carson
Managing Director
