To Whom It May Concern

Pollock & Sons Crane Hire have provided Downer NZ with an excellent crane service since March 2008 which is tailored to meet our demands and the needs of our organisation within the Waikato/BOP region.

They have succeeded in creating a service which has been fully aware of all safety compliances, supplying qualified competent operators, and all certified specialised equipment to suit each job/site which is specific and relevant to the particular needs of our contracts.

Their staff delegate and facilitate in a way that allows our business to succeed in completing our contract on time so our client and all parties are beneficial in the end.

I highly recommend the Pollock Crane Hire service and I am happy to verbally confirm this testimonial by phone on 0274739380.

Yours faithfully

DOWNER NZ
