

# POLLOCK & SONS

## CRANE HIRE LTD

### ENVIRONMENTAL POLICY STATEMENT

Pollock Cranes have identified our main environmental issues as being: the disposal of waste; efficient use of raw materials and the use and conservation of energy and water.

- PSCHL endeavour to continually improve our environmental performance so that the risk and significance of environmental harm caused by our activities is minimised.
- PSCHL will comply with the law and seek to do better than the legal minimum.
- PSCHL will use appropriate environmental and technical standards to improve our environmental performance.
- PSCHL will share information with our suppliers and subcontractors and require that they have policies consistent with our own.
- Support the aims of this policy by ensuring resources, roles, responsibilities are appropriately allocated and managed.

**We aim to make decisions that address the above issues in an environmentally considerate & efficient manner without compromising our service to our customers.**
