

Frasers Property - Coast Papamoa Beach Development

I wish to thank Pollock & Sons for their work to date at Coast Papamoa Beach. The work completed on site was always on a 'without notice' basis and I certainly saw that as strength of Pollock & Sons to achieve great results. A handshake with any of the Pollock family is the guarantee that you will get the best out of them - even at short notice.

It is certainly refreshing to work with a professional company with old fashion values where building relationships comes hand in hand with the ability to exceed the expectations of the client without boasting.

Staff of Pollock & Sons can take pride in the fact that they represent a respected company that is highly skilled at what they do. On every occasion where work was undertaken by the company their experience and organisational skills created an environment without incident and in half the expected timeframes, which only emphasises the fact that the company take pride in their staff, their work and the completed result is always great.

I look forward to our continued relationship.

Best regards,

Stephen Short

Director
