To Whom it may Concern

Pollock & Sons Crane Hire Ltd

John Warren Insurances Ltd have been involved with Pollock & Sons Crane Hire Ltd and their insurance requirements since the new company was formed in March 2008.

Prior to that our company arranged insurance for Todd & Pollock Haulage, Todd & Pollock Crane Hire, Todd & Pollock Scaffolding & Todd & Pollock Builders Ltd

My personal involvement with Rex Pollock dates back to 1977 when I was transferred from Hamilton as local manager of Royal Insurance, Tauranga, and Todd & Pollock Builders Ltd were existing clients.

I clearly remember Rex ringing me sometime later to advise me that they had purchased their first crane (1983). That was the first of a long list of cranes that we insured until the company was sold in 2006.

Pollock & Sons Crane Hire Ltd arrival in March 2008 was an exciting time for Rex, Steven, Thomas & Wayne, and the growth of the company & the purchase of a new fleet of cranes is testament to their success in establishing themselves back into the market.

Our company's role has been to provide insurance solutions for their fleet of cranes and provide professional advice to assist in the operation of their business.

Pollock & Sons Crane Hire Ltd is a very professionally run company with up-to-date and hi-tec cranes for all situations, and our company is very proud to be associated with the insurance side of their business.
