20th September 2010

Dear Steve,

The organisers of Kawerau Woodfest would like to take this opportunity to thank you for your contribution towards the success of Woodfest in 2010. The overall success of this event only happens as a result of the community support that is contributed through people like you.

There are many factors that are included in the overall running of Woodfest and it is the various contributions that ensure the entire weekend is a success. Woodfest is firmly putting Kawerau on the map as being the fore runner of New Zealand's forestry/wood skills festivals.

Unfortunately, the weather was unkind to us on the Sunday this year, but this didn't stop the attractions taking place. We had a number of new additions this year and with the world looking at New Zealand in 2011 for the Rugby World Cup, there will be more new additions next year, in what promises to be the biggest Woodfest ever, which includes the celebration of the 21st year of the National Woodskills competition.

We look forward to your involvement again next year and once again, many thanks for your kind level of support during 2010.

Woodfest organisers
