Re: Pollock & Sons Crane Hire Ltd

Our company has had an association with Pollock & Sons since their company was founded in March 2008 and previously as Todd & Pollock Crane Hire Ltd since 1996.

In the time that our companies have had an association (and originally as competing construction company's) our staff have been able to rely on the Pollock team in all areas of performance and safety principals that are required to be carried out on our sites.

We highly recommend the services provided by this company in providing advice on craneage requirements for specific tasks, quality of gear and staff provided, punctual and experienced operators and the variety of lifting appliances available to carry out on site tasks in the most cost effective method.

We look forward to growing the association between our companies on our future projects.

Yours faithfully
McMILLAN & LOCKWOOD BOP LIMITED
